4040

Flux Cleaner for Electronics

4040 Cleaning Solvent is a blend of highly active non-halogenated solvents formulated for the quick and efficient removal of flux residues from PCBs.

It can be used on most surfaces (metal, plastics, glass, etc) and can be used to clean mechanical parts as well as electric and electronic equipment (not on live equipment).

The solvent evaporates quickly, leaving surfaces dry and free from residue.

Features & Benefits

Plastic Safe (test on sensitive plastics)

Excellent cleaning strength

Non-halogenated

Fast evaporation rate

Zero residue

Available Packaging

Part #	Packaging	Net Vol.	Net Wt.
4040-400mL	Aerosol	400 mL	324 g

Storage and Handling

Store below 50 ˚C in a dry area, away from sunlight. Store in well-ventilated places (see SDS).

Properties

Color	Colorless
Odor	Organic Solvents
Density @ 25 °C	0.81 g/mL
Flash Point	< 20 °C
Boiling Point	> 35 °C
Vapor Pressure @ 20 °C	43 hPa
Auto-ignition	> 270 °C
Evaporation Rate	6.8 (Butyl Acetate = 1)
Shelf Life	3 y
